HOMELIFE ACADEMY ENROLLMENT THROUGH DIVERSIO ACADEMY (EN001)

HLA firmly believes in parents having the responsibility for their student's education. All families within the Group must read over and agree to the following Code of Ethics: Ref: [HomeLife Academy's Code of Ethics](#)

Diversio Academy adheres to HomeLife Academy's Code of Ethics and expects all our group members to uphold the same. Please read over Sections A & B with your students and explain where needed. Only one parent needs to sign the document.

SECTION A: CODE OF ETHICS FOR STUDENTS AND PARENT-TEACHERS

All students and parent-teachers of HomeLife Academy must uphold our Code of Ethics. HomeLife Academy's foundation is built on trust and relationships with our families. Our staff is here to support you on your homeschooling journey. This requires honesty, commitment, and communication.

HomeLife Academy reserves the right to dismiss a family for personal and/or academic misconduct that takes place either inside or outside of the teaching home at our discretion. Fees will not be refunded.

If HLA is given reason to suspect educational neglect or that a student's grades or records have been falsified, HLA reserves the right to evaluate the situation and/or require students to complete end-of-course exams or other testing to validate grades and/or credits earned. NEST may be required to continue enrollment with HLA.

- Any activity which compromises the academic integrity of HomeLife Academy and undermines the educational process will not be tolerated and will be grounds for dismissal. This sort of academic misconduct includes, but is not limited to, cheating, fabrication, plagiarism, unauthorized use of resources, violation of published academic regulations, and facilitating academic dishonesty. Educational neglect or falsifying a student's grades or records will be grounds for dismissal.
- Physical or verbal threats, abuse, and/or bullying of HLA Staff will be grounds for dismissal. This includes hateful speech, cursing, yelling, accusations and/or being generally uncooperative or argumentative. HLA Staff is here to serve our families and as such should be treated with respect.
- A conviction for violating Tennessee, Florida, Alabama, or Colorado criminal codes or those of your residential jurisdiction will be grounds for dismissal.

I, _____(parent name & surname)

acknowledge that I have read and will prescribe to HLA's Code of Ethics.

SECTION B: FAMILY AGREEMENT TO HLA TERMS AND CONDITIONS:

HLA firmly believes in parents having the responsibility for their student's education. All families within the Group must read over and agree to the following Terms and Conditions.

- HLA bylaws and policy, as prescribed by our Board of Directors, restrict the enrollment of students where the following applies: truancy, suspension, expulsion, and misdemeanors. HLA reserves the right to deny enrollment or may place your student in our Archway Program with conditional enrollment and requirements if any of these apply.

- HLA will review the student's records once they have been received from their previous school and/or parent. Students whose records show any of the following may be placed in our Archway Program or withdrawn if it is determined that HLA is not the best fit for the student:

- (1) failing grades in core courses (ex., English, math, science, social studies),
- (2) GPA below 2.0,
- (3) disciplinary issues, or
- (4) the student is not on target for graduation.

If any of these apply to your student, we recommend calling our office for approval before submitting your application.

- HLA has the right to determine which credits will count toward HLA's graduation requirements when transferring from another school.

- Parents understand that re-enrollment must happen each year by August 15 or January 15 (dependent on the school calendar of your Group). Parents must notify the Group Administrator if they do not plan to re-enroll with the Group for the new school year.

- HLA does not require annual standardized achievement testing and therefore does not offer standardized yearly achievement testing.

- HLA does not provide a curriculum or assignments. Parents and/or Group Administrators are responsible for locating and ordering textbooks.

- **Parents and/or Group Administrators are responsible for posting grades and attendance two times per year – January 15 and June 15.**

- Parents and/or Group Administrators are responsible for ensuring that the student is on track for graduation. A counselor will complete an annual high school transcript review to assist. It is the parent's and/or Group Administrator's responsibility to check the review for accuracy and that all necessary changes and corrections are made to the student's plan.

- Parents of high school students should read the high school information on our website and complete the High School Planning Sheet.

- Students must complete the minimum graduation requirements to be awarded an HLA diploma.

- HLA is for families who intend to home-educate through graduation. Suppose your child chooses to transfer to a public or private school. In that case, that school may require placement tests to determine the student's grade placement and may or may not accept all credits completed while homeschooling.

- Parents are responsible for the child’s education but may hire tutors or participate in coops, tutorials, etc.
- Parents and/or Group Administrators must keep ALL information in their accounts up to date (especially e-mail addresses) and read all our e-mails to stay current with important information.
- Parents should ask Group Administrators to request all documents by using Request Manager located in their group HLA account.
- Parents and/or Group Administrators understand and agree to the group fee structure. These fees are subject to change as posted on the main HLA website.
